Phil's Custom Trout Flies

Mohair Leeches

Price per Unit (piece): \$2.00

I fish mohair leeches quite frequently in Ikaes. My favorite are copper colored, followed by black and olive. I routinely weight the front half of these flies so that they fish in an undulating motion, like the natural. Leeches are one of the more common food items for trout and you should ensure you've got some mohair leeches in your box.
