

Phil's Custom Flies

Phil's Custom Trout Flies

Goddard Caddis

Price per Unit (piece): \$2.00

Goddard Caddis:

The Goddard Caddis is tied with spun deer hair and will float in the roughest of water. Excellent pattern during a hatch because of the ability to "skate" the fly, similar to the natural. Drives trout crazy! I fished this pattern during a "Motorboat" Caddis hatch on a remote lake in British Columbia and the trout slammed this pattern!
