

Phil's Custom Flies

Phil's Custom Trout Flies

Orange Stimulator

Price per Unit (piece): \$2.00

Orange Stimulator:

The stimulator is an excellent October Caddis imitation. With an orange body, and Grizzly and Brown hackle wound over the body, along with an Elk Hair wing, this fly sets the standard for flotation. Meant to be fished in very heavy currents. Also is an effective imitation of the Salmon Fly in the larger hook size.
