Phil's Custom Trout Flies

Grizzly Wooly Buggers

Price per Unit (piece): \$1.90

I offer Grizzly Wooly Buggers in Bead Head and Conehead styles. The Bead Head and Conehead patterns sink more rapidly and undulate as they are stripped in on the return. Tied with Died Grizzly, these buggers set the standard for looking more "buggy" to catch more fish. I also use Krystal Flash in the tail on all my Wooly Buggers because it gives that extra flash that trout find irresistible. I've caught most of my biggest trout fishing wooly buggers out of a float tube in lakes.
