

Phil's Custom Flies

Phil's Custom Trout Flies

Stimulator

Price per Unit (piece): \$2.25

The stimulator is an excellent Salmon Fly or Golden Stone imitation. With an orange body, and Grizzly and Brown hackle wound over the body, along with an Elk Hair wing, this fly sets the standard for flotation. Meant to be fished in very heavy currents. Also is an effective imitation of the October Caddis in the larger hook size.
